PREPARING THE WORLD FOR THE COMING OF MOSHIACH

יחי אדוננו מורנו ורבינו מלך המשיח לעולם ועד

# Welcome!

As we are about to begin the International Kinus Hashluchim, we are pleased to present the Kinus program for 5784.

"Bruchim Habaim b'Shem Hashem," Shluchim who came from all over the world, near and far, as every year, to gather "sheves achim gam yochad," and come up with a plan about how to increase the avodas ha'shlichus and prepare oneself and the entire world l'kabbolas pnei Moshiach Tzidkeinu, as a nachas ruach for the Rebbe MH"M shlita.

This year, the Kinus is taking place in the shadow of the war in Eretz Yisrael, as Am Yisrael is eager to receive the message of the prophet of the generation and its leader, and all that we shluchim need to do is convey the information to the people: "Hinei zeh Moshiach ba - Menachem shemo." Only the hisgalus of the goel Yisrael will bring true victory and complete consolation, which we are all waiting for.

As is fitting for the special circumstances, we shluchim are expected to be strong and strengthen others, "Ish es rei'eihu yaazoru u'lachiv yomar chazak," with the only shlichus the Rebbe assigned at the Kinus Hashluchim 5752: prepare the world to welcome Moshiach, and bring the message of the Besuras HaGeula to the entire world!

As requested, the workshops will also focus on war-related subjects and how to handle the challenges of shlichus during these times, in addition to an array of topics that are helpful to a shliach, that will provide the means for every Chabad House to implement "u'foratzta" in every sense of the word.

## The Gateway To Shlichus

Today's farbrengen is being held at the beginning of the International Conference of Shluchim. It must be emphasized that the task of the shluchim in the present age, and in particular at this time, is to prepare for the acceptance of Moshiach and the advent of the ultimate Redemption.

This is the task facing every Jew, for we are all shluchim of G-d as obvious from the Mishna's statement, "I was created solely to serve my Creator." In particular, however, this concept is relevant to those individuals who have merited to serve as the shluchim of the Previous Rebbe and dedicate their entire existence to this mission.

To explain: Although as a whole, our shlichus is constant and unchanging, from time to time, a different dimension of the shlichus receives emphasis. At that time, that dimension permeates the entire shlichus and defines its character, serving as the gateway through which the entire shlichus ascends. Surely, this applies in the present instance, when the emphasis is on such an essential and all-encompassing point, preparing for Moshiach's coming.

As mentioned repeatedly in the past, we are not speaking about a matter of the distant future, but rather a present and immediate concern. Our Sages declared that "all the appointed times for Moshiach's coming have passed." We have completed all the service required of us, even -- to borrow an expression from the Previous Rebbe -- "having polished the buttons." Thus in principle we are prepared to receive Moshiach, and the shlichus of our generation centers on preparing us to receive Moshiach in practice!

...And this is the task of the International Conference of Shluchim: First and foremost, to make a public statement that this is the task confronting us -- to prepare ourselves to accept Moshiach. Every aspect of our service and every dimension of our activity must be directed to this goal.

## Kinus Registration

To ensure the Kinus runs in a smooth and orderly fashion, early online registration is highly encouraged, and is available at the website, Kinus.info. Shluchim who register online can bypass the registration line upon arrival, and immediately receive their admissions passes.

The admissions pass entitles the Shliach to participate in Kinus programs and events, receive valued mementos (upon admission and the banquet's closing), and will additionally function as a raffle ticket in drawings for cash prizes awarded at the banquet.

Registration booths will be posted in the Eshel Building, located in close proximity to 770, and open during the following hours:

Wednesday

**4:30-6:30PM**

.

Thursday

**11:30AM-1:30PM**
